

Mapping your Gotta Dance Path...A Guide for Opal Ballet Dancers

Opal level dancers have been dancing down the “Gotta Dance Path” for some time now. It’s time to consider the paths which are available to you at Gotta Dance: **Ballet or Ballet/Pointe** . Eligible dancers will be considered to start Pointe at the Pearl level if they have taken Ballet twice a week at the Aqua level. Classes are offered “back to back” to allow dancers to easily take multiple classes per week . You are also eligible to enroll in **Pre-Contemporary** for the Fall season. Dancers are required to take a Ballet AND a Jazz class concurrently. Our goal is to offer the most opportunities for educating well-rounded dancers. Best of luck in your decision...and your journey!

- Dancers must be concurrently enrolled in a Jazz AND Ballet class, one being Opal level or higher while taking Pre-Contemporary. Example: A dancer may be enrolled in Garnet Grades 3-5 Ballet and Opal Jazz and take Pre-Contemporary.
- Dancers examine the emotive possibilities for movement as a catalyst for self-expression.
- Dancers learn the significance of dynamic variation and movement quality.
- Movements are varied; sharp, dynamic, edgy, with non-classical turns, extensions and leaps.
